The 2025 BI Survivor Series

Your Host/Panel Facilitator: Joanne Cohen, M.A., CBIS/Vice-President of the Brain Injury Hope Foundation and Managing Partner, CTAT, LLC

Joanne was in a car accident in 1992 while vacationing in the Bahamas. Her life was forever changed. She was unable to walk and a year later she discovered many of her personal challenges were due to a traumatic brain injury (TBI). Joanne has overcome many obstacles and has exceeded her medical diagnosis, leading to a remarkable and inspirational story and recovery, then and again in 2014 and 2019.

Joanne published her first book in June, 2019, *Getting Hit, Getting Up, Moving Beyond: My Journey Through Brain Injury*, a compelling story of her challenges as she faced sequential “hits” and how she handled adversity with resilience time after time. She depicts the path to “moving beyond” and create a full life that includes tools to do so, many that can now be used as we are all “hit” with the Covid-19 crisis. Her book is available at Amazon.com or BarnesandNoble.com
